Key Insights

Total Sales: \$2.30M

Profit Margin: 12.47%

West region generated the highest revenue.

Technology was the highest-performing category.

Sales peaked in November.

Growth reached 46.88%.

Recommendations

Increase investment in West region.

Improve distribution in South region.

Expand Technology category offerings.

Leverage November seasonal demand.

Investigate whether the 2019 sales decline is due to incomplete data or an actual business performance issue.
